

Buckeye Trail Association

Academic Scholarship

Overview:

The Buckeye Trail is the first and only long distance hiking trail located within the State of Ohio. The trail traverses more than 40 of the 88 counties and is nearly 1435 miles long. The Buckeye Trail Association is a large, dedicated body of volunteers who build, maintain, and promote the trail. But the BTA is more than just a management organization. Members socialize throughout the year, as well as promote natural resource awareness through National Trails Day events and through a working relationship with the North Country Trail and the American Discovery Trail as these trails traverse part of the Buckeye Trail. Members are encouraged to participate to the best of their ability thereby receiving the satisfaction of helping maintain and improve one of America's longest and most diverse trails.
